More racial unrest in St. Louis after police kill black suspect

(Reuters) St. Louis police fatally shot a black teenager on Wednesday who they say pointed a gun at them, and later faced angry crowds, reigniting racial tensions first sparked by the killing of an unarmed black teen in another Missouri town a year ago. St. Louis Police Chief Sam Dotson said the shooting took place when young black men ran out the back door of a house where officers were carrying out a search warrant. Officers ordered the pair to stop in an alley behind the house. One suspect pointed a gun at officers who then fired four times, killing him, Dotson said. "Detectives were looking for guns, looking for violent felons, looking for people that have been committing crimes in the neighborhood," he said. Police identified the slain suspect as Mansur Ball-Bey, 18. The second youth fled. Crowds gathered at a nearby intersection shortly after the shooting and then again in the evening. Dotson said at a late Wednesday press conference some protesters threw bricks and glass bottles at officers, who used shields to protect themselves and then tear gas to disperse the crowd. A car was set on fire and some local businesses had reported robbery attempts, he said. Nine people were arrested on charges of impeding traffic and resisting arrest, police said. St. Louis Alderman Antonio French posted on Twitter that a vacant house was burning. Dotson told reporters Ball-Bey's gun was one of three stolen firearms recovered from the scene and said officers recovered crack cocaine. St. Louis police said the officers involved in the shooting were white, aged 33 and 29, each with about seven years on the force. They are on administrative leave. A 93-year-old member of the Tuskegee Airmen, a black aviation unit from World War Two, was robbed and carjacked in the neighborhood on Sunday. A woman was also killed in the area this week. The shooting came 10 days after St. Louis was flooded with protesters marking the anniversary of the killing of unarmed black teenager Michael Brown by a white police officer on Aug. 9 last year in Ferguson, not far from St. Louis. Brown's death helped spark a nationwide movement against what protesters say is police violence against minorities. Wednesday's shooting also came as activists were in the area to mark the anniversary of the police shooting of another black man in St. Louis, Kajieme Powell. Police say officers shot Powell when he approached them with a knife.

International News – Significant Events

South Korea evacuation after shelling on western border

(BBC) South Korea has ordered the evacuation of residents from an area of its western border after an exchange of fire with North Korea, reports say. North Korea fired a shell at a South Korean military unit on Thursday, prompting the south to retaliate with several artillery rounds, the South's defense ministry said. South Korea's National Security Council is due to hold an emergency session. The western sea border has long been a flashpoint between the two Koreas. North Korea fired a projectile towards Yeoncheon, a town north-west of Seoul, at 15:52 local time (06:52 GMT), the defense ministry said. Reports suggest the target could have been a loudspeaker broadcasting anti-Pyongyang messages. The South then fired "dozens of rounds of 155mm shells" towards where they thought the rocket was launched from, the ministry added in a statement. There were no immediate reports of any injuries or damage on either side.

WEATHER

WEATHER SYNOPSIS BY REGION:

NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:

Eureka Weather:

Generally westerly flow across northwest California will help maintain a quiet weather pattern through the weekend. A subtle drop in temperatures will be observed across the interior while plenty of low clouds and fog hug the coast.

Medford Weather:

Not as hot today as yesterday as the thermal trough slides east. Onshore gradients will result in fairly typical afternoon and evening west winds, but when combined with continued very low humidities, we will be near critical fire weather conditions again this afternoon. Still, potential red flag conditions are not widespread enough to warrant a warning.

Reno Weather:

Dry conditions with above normal temperatures will continue through this weekend. Afternoon zephyr breezes are expected today and Friday, with lighter winds on Saturday. Haze from the wildfires in California may drift across for the next few days. A cooling trend with increased winds is possible next week.

San Francisco Weather:

Aside from patchy coastal drizzle during the early morning hours through the rest of the week, dry weather conditions along with temperatures near seasonal averages will persist through the forecast period.

WEATHER

WEATHER SYNOPSIS BY REGION:

CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY:

Sacramento Weather:

Dry weather with near normal temperatures can be expected through early next week.

Hanford Weather:

Dry weather can be expected Central California for the next several days. Temperatures will remain above normal today then lower to near normal by the end of the week as high pressure weakens. Upper ridge will build back over the later part of the weekend and into early next week with temps remaining near normal.

SOUTHERN CALIFORNIA:

Los Angeles Weather:

Onshore flow and persistent marine layer will keep temperatures slightly below to near normal through late week. High pressure will build early next week for a warming trend and fair skies except overnight clouds along the coast.

Extreme Southwestern California including Orange, San Diego, Western Riverside and Southwestern San Bernardino Counties:

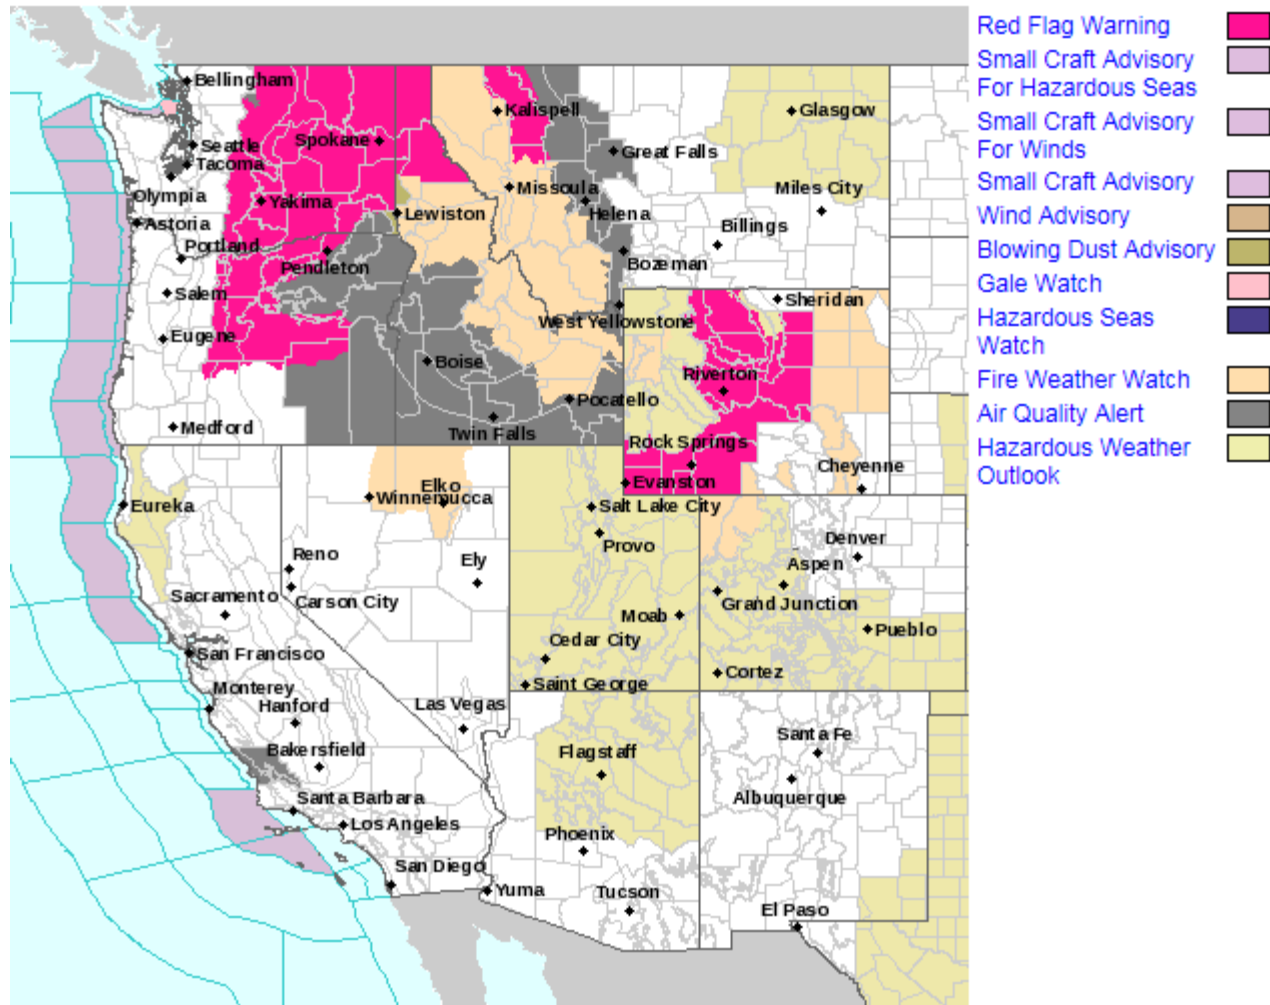

Fair and seasonal summer weather will continue across southern California for the rest of the week with a moderately deep marine layer producing coastal clouds during the nights and mornings. Higher pressure aloft will develop this weekend for a modest warming trend next week. A brief increase of monsoon moisture could lead to a few mountain and desert thunderstorms early next week.

Southeast California Weather:

Upcoming monsoon moisture brings increasing chances of showers and thunderstorms with the best chance of widespread rainfall early next week. By the middle of next week, a return to more westerly flow aloft begins to reduce thunderstorm chances.

Start Time: 8/01/15 at 1123 hours

Per Cal OES, CAL FIRE, and ICS-209 [as of 8/20/15 at 0600 hours](#):

- 3,866 Acres, 53% Contained
- Major Concerns: The fire is burning in Siskiyou wilderness. Critical wildlife habitat including the Marbled Murrelet, northern spotted owl, and critical Coho salmon spawning habitat/cold water refugia in Bluff Creek and Blue Creek is threatened. Nickowitz Creek, Blue Creek and Bluff Creek are critical home ranges for the pine marten. Late successional Reserves are present in the fire area. Nationally significant Cultural Management Areas surround the fire. The fire is within the Western Klamath Restoration Project along the western boundary. There are Port Orford Cedars in the drainages around the fire area and require special mitigation measures to prevent spread of root disease.

SITUATION SUMMARY

FIRES, NORTHERN OPERATIONS AREA

South Complex, Vegetation Fire, Trinity County

Location: Hyampom, south of Highway 299

- Major Concerns: Lahontan Cutthroat habitat is threatened.

SITUATION SUMMARY

FIRES, SOUTHERN OPERATIONS AREA

Rough, Vegetation Fire, Fresno County

Location: 5 miles north of Hume Lake and 2.5 miles southwest of Spanish Mountain

Jurisdiction: SRA

Start Time: 7/31/15 at 1933 hours

Per Cal OES, CAL FIRE, and ICS-209 [as of 08/20/15 at 0607 hours](#):

- [32,414 Acres](#), 3% Contained

Evacuations/Shelters:

- Mandatory Evacuation Areas:
 - The Hume Lake Christian Conference was evacuated 08/18/15. Per the Cal OES Law Duty Officer (LDO) evacuation was accomplished in less than 2 ½ hours due in significant part to prior planning between Fresno Sheriff and the Camp Staff. The group of 750 to 1000 people were evacuated to a sister Church in Fresno for sheltering.
 - There are 250 mandatory evacuations in the National Park Campgrounds in the immediate area of Hume Lake Christian Camp.
 - There has been an evacuation of 32 private residences, believed to be all vacation homes in the Big Meadow and Heart Meadow Neighborhood.
 - Approximately 1,500 campers in several Kings Canyon National Park Campgrounds located along 10 Mile Rd have been placed under mandatory evacuation.

Major Concerns:

- The Rough Fire has made its way south and crossed over Highway 180, effective immediately the Fresno County Sheriff's Office has issued mandatory evacuation notices to people in the area of Hume Lake. This stands to impact approximately 1,000 people living, working and recreating around Hume Lake.
- The California Highway Patrol has also moved the road closure, which had been located at the intersection of Highway 180 and Hume Lake Road. The new road closure now sits further south on Highway 180 at Grant Grove Tree (approximately 2 miles north of the Hwy. 180 and Hwy. 198 interchange). The roadway will remain closed until authorities determine it is safe to reopen. The Sheriff's Office wants to make the public aware that no one will be allowed to enter the Hume Lake area; people will only be allowed to exit.
- Per CUEA, PG&E critical facilities and distribution assets are no longer in a high risk category for threats to power serving Central California. CAISO has reviewed PG&E facility locations that may be impacted by the fire and none of the locations would compromise the grid in any capacity. There would be no brownouts if these sites were impacted.

SITUATION SUMMARY

FIRES, SOUTHERN OPERATIONS AREA

Cuesta, Vegetation Fire, San Luis Obispo County

Location: Highway 101, Cuesta Grade, north of San Luis Obispo

Jurisdiction: SRA

Start Time: 08/16/15 at 1813 hours

Per Cal OES Duty Officers, CAL FIRE and ICS-209 [as of 08/20/15 at 0610 hours](#):

- 3,500 acres, 20% contained
- Incident in Unified Command with CAL FIRE and USFS
- Threat to the community of Santa Margarita (339 residences/900 residents)
- 230 KV power lines threatened
- An FMAG was received on 08/17/15. After review by Cal OES, it was determined that it does not meet FMAG criteria and has been placed on hold. A revised FMAG was received on 08/18/15 and 8/19/15. After review by Cal OES, it was determined that it does not meet FMAG criteria and has been placed on hold.

Evacuations/Shelters:

- The Paloma Creek Arena which is next to the Paloma Creek Park is being used to shelter horses.

Activations:

- San Luis Obispo County activated their EOC to Level 2.
- Southern REOC will remain at Level 1 and continue to monitor the incident.
- There are no requests for state assistance or LEMA at this time.

Major Concerns:

- Santa Margarita Elementary School will be closed Wednesday, 08/19/15.
- Charter Communications (Charter Cable) has contacted the County of San Luis Obispo to notify them that their fiber optic line on and over Cuesta Grade is now at risk due to the fire. There is a high probability their customers in North SLO County will lose service. This includes Charter phone, internet & cable TV for all communities north of the grade. No one south of the grade should be impacted. This is ONLY Charter cable not other phone lines. Charter is working on trying to tap into the line and re-route it, but are not optimistic it will work or that they can get access to the area.

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

- The SOC is activated in support of the Drought State of Emergency and continue to monitor the situation.
- The Governor issued Executive Order B-26-14 on 09/19/14, to streamline relief efforts for families with drinking water shortages due to drought, specifically through the California Disaster Assistance Act, to provide temporary water supplies to households without water for drinking and/or sanitation purposes.
- The Governor issued Executive Order B-29-15 on 04/01/15 which announced actions that will save water, increase enforcement to prevent wasteful water use, streamline the state's drought response and invest in new technologies to make California more drought resilient.
- CDAA 2014 Drought Fact Sheet and Frequently Asked Questions provided to Regions for reference and distribution.
- Cal OES Recovery continues to coordinate the Community Impacts Workgroup conference calls. Currently, the calls take place on alternating Wednesdays.
- Cal OES Recovery/Individual Assistance finalized an updated 2015 version of the drought brochure of programs and services for individuals, businesses, farmers, and ranchers. It has been put on the Governor's Drought webpage. State agencies may put the following link to the brochure on their webpage <http://ca.gov/drought/pdf/Drought-Assistance-Brochure-2015.pdf>
- Cal OES Regions (Inland, Coastal, Southern) collective OA drought call is facilitated by the SOC every Monday at 1100 hours.

CAL OES MISSIONS

Ongoing Cal OES Missions

- **2015-LAW-14555 08/03/15, 0800 hours, Update 8/12/15:** Several of the fires within the complexes have been merged, with one fire, the Pelletreau (South Complex Fire), being moved into the Route Fire Complex and merged into the Johnson Fire. Windy conditions and overstretched fire resources has necessitated LE to assist with dynamic road closures lasting up to an hour or so. Trinity County Sheriffs Office is in the process of coordinating with the 5 Fire Complex Security Managers to capture thefts of fire equipment and fuel. Currently thefts of Diesel (approx. 200 gallons), New Batteries, New Fire Engine Tires (4) and a Water pump have been reported. The water pump was one of 42 that were ordered for the fire, Fire was only able to secure 17 of these pumps so the loss of this pump has exacerbated this situation. **Update 8/14/15:** Significant increase in fire activity, no new LE issues. **Update 8/15/15:** No new significant information or changes in operational needs to report. **Update 8/16/15:** No new significant information or changes in operational needs to report. **Update 8/17/15:** No new significant information or changes in operational needs to report. A/C Baldwin deployed to relieve A/C Sutton. **Mission Ongoing.**

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
